

Dear parents,

After my last email and all of the calls from our teachers inquiring as to which of our registered students would be returning for the 2020-21 school year, I am pleased to announce over 96% of our registered students are returning to school. Thank the Lord and thank you for trusting us. For the few parents who have decided to homeschool or distance learn from somewhere else, we will miss you and if you ever need us we are here.

Now for the exciting news, weeks ago I found a new product called “REME HALO® Whole Home In-Duct Air Purifier” and have ordered one for each of our A/C units in our school. These purifiers kill up to 99% of bacteria, mold and viruses and the new zinc ions kill 99% of viruses on surfaces. REME® reduces sneeze germs by 99% in the time a sneeze can reach three feet. If you’d like to read more about it, here is a link <https://www.rgf.com/products/air/reme-halo/>.

This is just one more layer of protection we are providing for our students.

Regarding mask guidelines, Memorial will be selling masks for \$8.00 with the school logo on them (available after August 7<sup>th</sup>). Besides the school mask, a solid color mask without graphics or text is allowed for the classroom. (Student names embroidered on the mask are acceptable). Also face shields are acceptable in place of a mask for any student at any grade level.

If I haven’t told you lately how much I love you, let me take this opportunity to tell you how excited I am about the opening of school. Can’t wait to greet each of you on August 17<sup>th</sup> with your mask on. If there’s anything I can do for you between now and then, please don’t hesitate to call.
